

# COMPANY PROFILE

*Your one-stop shop for Sign Equipment, Signage & Materials.*

## HISTORY

Established in 2003, Imavision Corporation started as an offshoot of its sister company, Imatech Corporation, which specializes in Audio-Visual Systems Integration. Imavision Corporation offers both Non-Traditional and Traditional approaches to advertising medium, paving generous paths where our clients can explore their intended creative pursuits and approaches.

Our company is proud of our roster of seasoned and capable staff, the consistency in quality of our services, and our successes in providing our discerning clients with their advertising needs.

## MISSION - VISION STATEMENT:

Imavision Corporation is a one-stop advertising shop which aims to consistently provide customers with well-trained technical staff, unparalleled after-sales support, and maintain healthy, long-term relationships with quality brands and products that we ourselves have tried and tested.

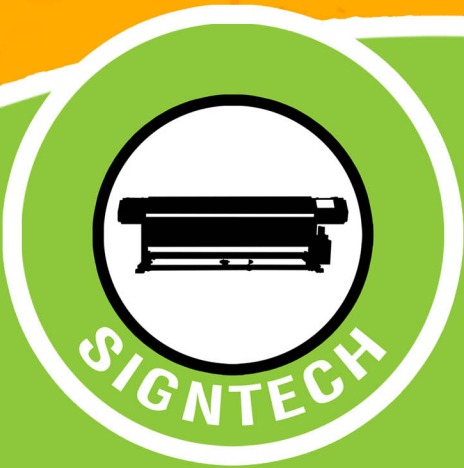

We got you covered from design to production to installation of indoor-outdoor signs, billboards, and digital based signage.
